Drinking and lawyering don't mix

If you're a fan of court TV, or a lawyer, or enjoy seeing lawyers tormented, you might enjoy these bits of courtroom dialog, or at least be a bit disturbed. Here's a news story about the incident. For the best part of the dialog, though, you gotta watch the video. If your browser doesn't support the video directly, here is part 1 and here is part 2.

About Me

Nick Szabo

"A premier thinker about history, law and economics, and the lessons they have for security." -- Adam Shostack, Emergent Chaos

"Szabo comes out with these essays that leave me in awe." -- Brian Dunbar

"Reading material that is eclectic, challenging and endlessly fascinating." -- Sean McGrath, Propylon

"Like most blogs worth my attention, this blog is updated only infrequently. That is because the authors of blogs worth my attention only post when they have something to say that is true, relevant and not already known by their audience. Most of the human race does not have the skill to know when an idea has these three properties. The skill is particularly rare in the fields of politics and economics, which is why this blog is such a rare and valuable thing." -- Richard Hollerith
